

Your Hair Restoration Journey

From the Sunshine State to Panama
— Organized, Comfortable, and
Medically Supervised.

Direct from Florida

World-Class Clinical Standards

Premium Concierge Experience

Elite Global Certifications Under One Roof

ABHRS
American Board Of
Hair Restoration Surgery

INTERNATIONAL SOCIETY OF
ISHRS
HAIR RESTORATION SURGERY

**“Only one doctor in Panama
holds ABHRS & ISHRS dual
certification.”**

Rigorous global standards applied directly to your customized treatment plan.

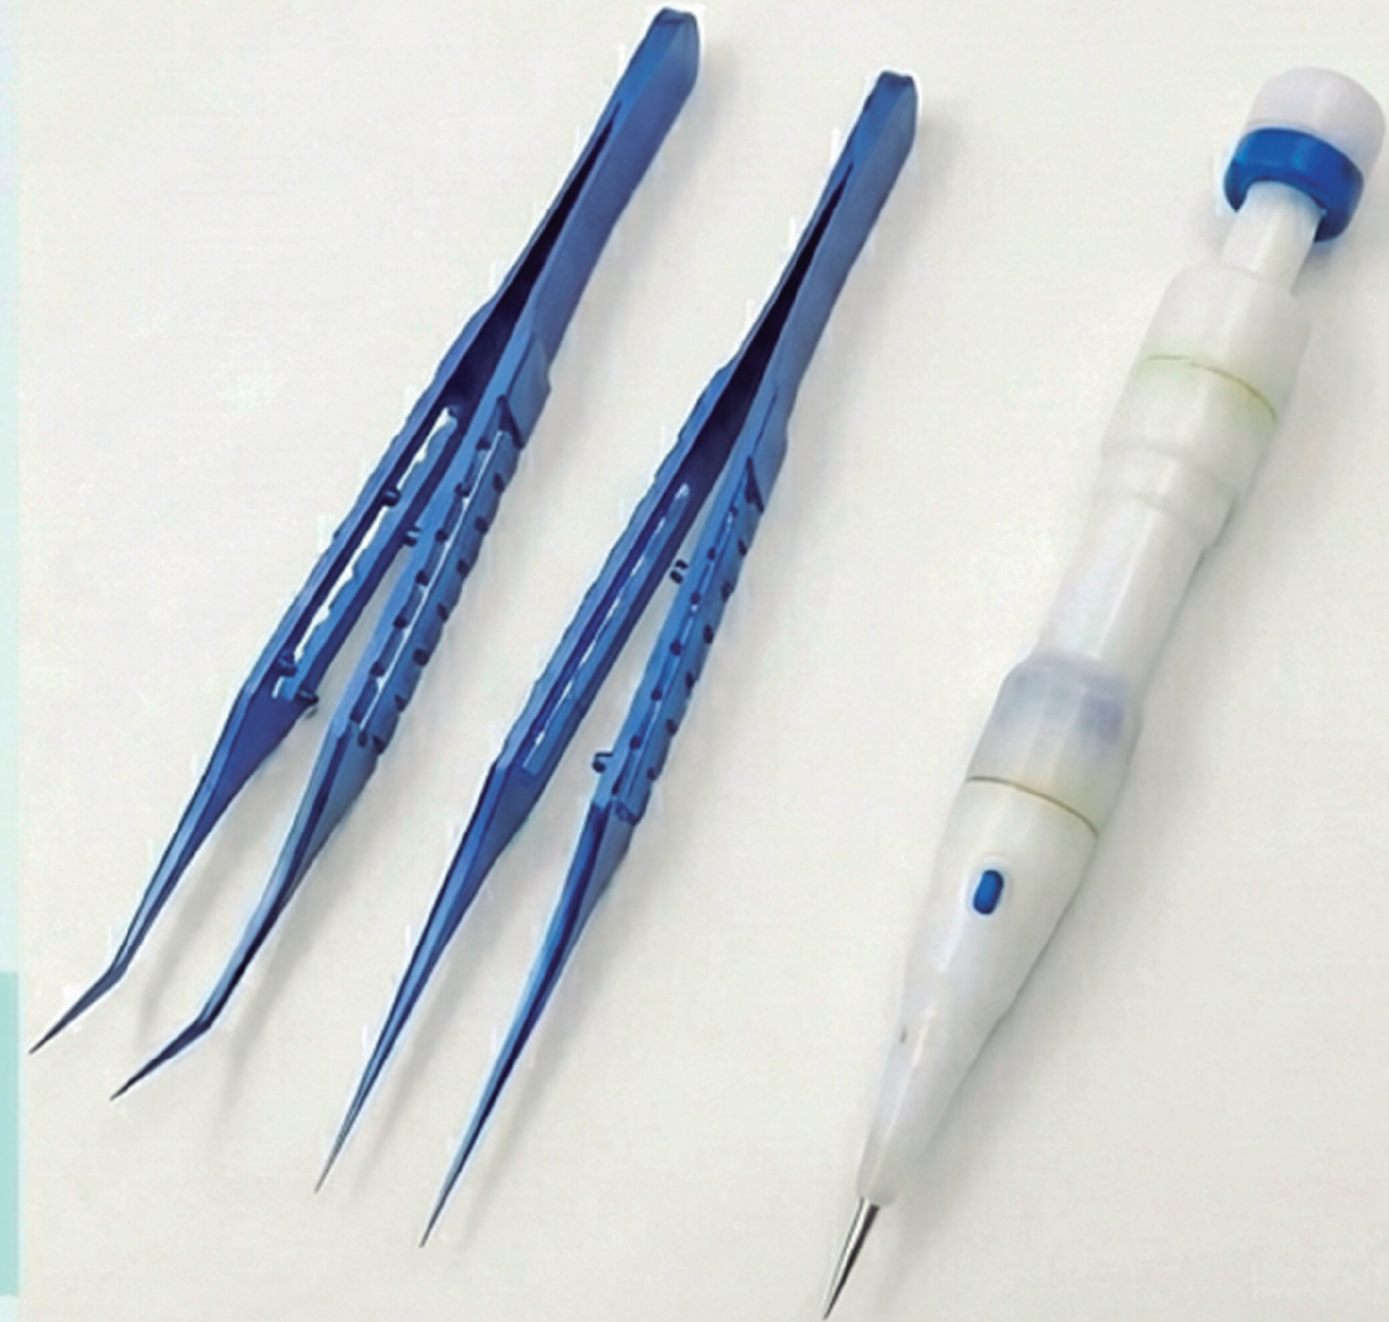

The DHI Difference

Advanced technique for a completely natural look.

97% **DHI**
Graft Survival Rate. Highlighting one of the highest retention rates in the industry.

80% **FUE**
Comparing standard follicle extraction vs. the Direct Hair Implantation methodology.

No Linear Scars
Emphasizing a discreet outcome without surgical strip scarring.

Step 1: Your Confidential Online Evaluation

The first required step before any travel arrangements are made.

Protects your time, your investment, and your results.

Submit

Upload photos securely via the dedicated Florida patient portal.

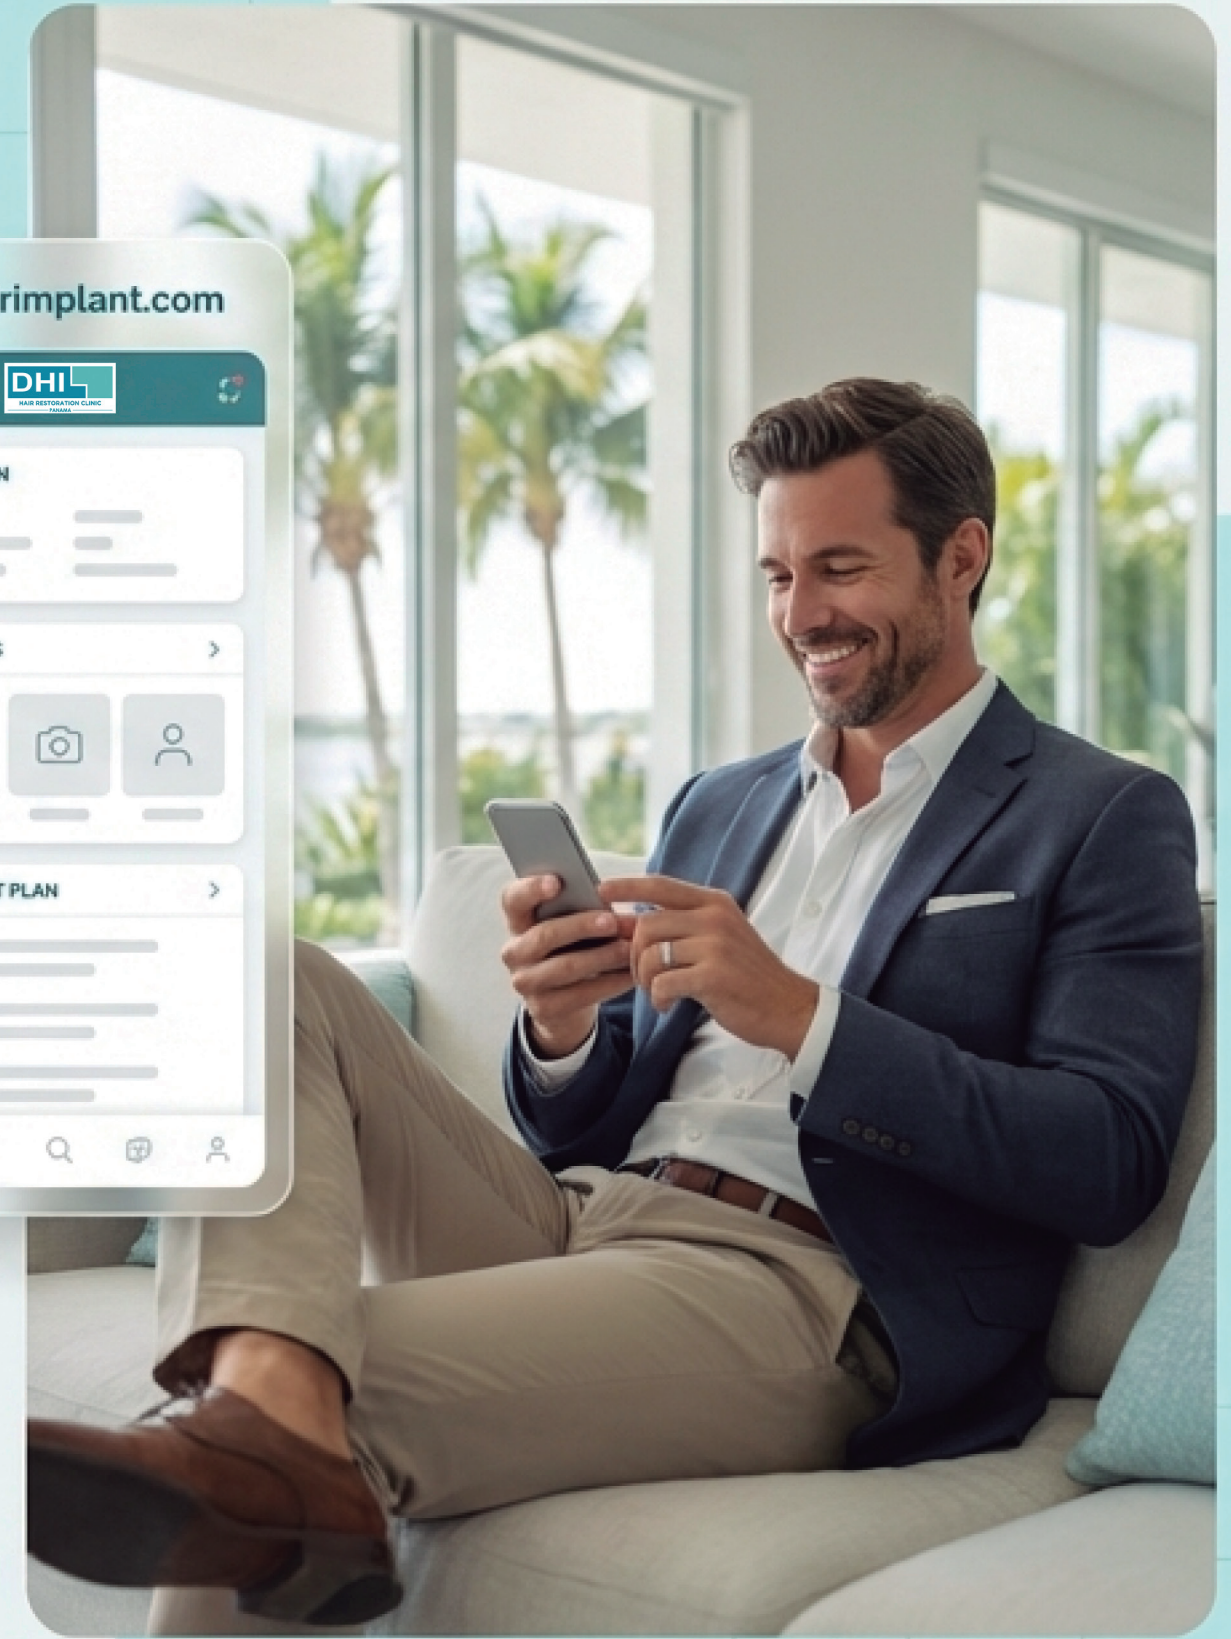

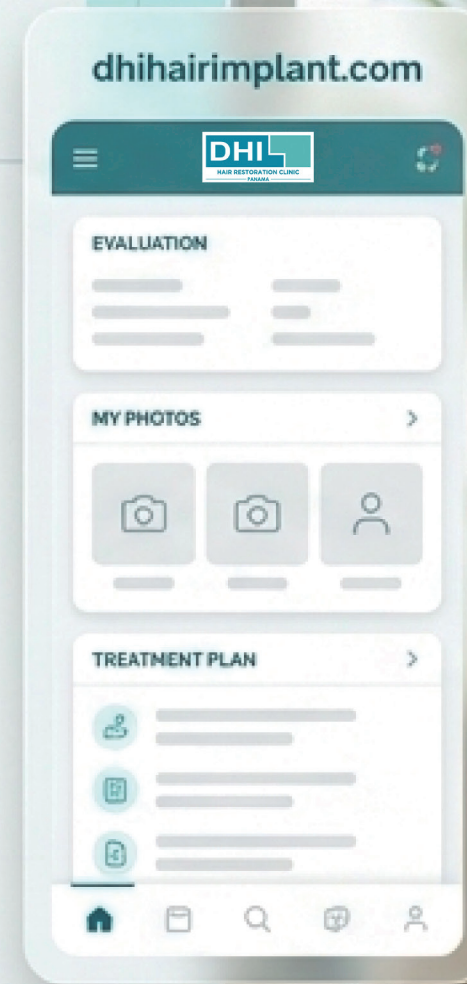

Review

Medical team assesses hair loss pattern and donor density.

Recommendation

Receive an estimated graft count and personalized treatment plan.

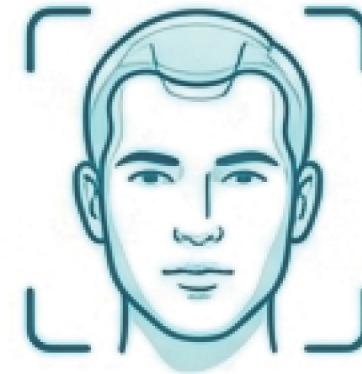

The Photo Capture Guide

Four specific angles to guarantee an accurate clinical assessment.

Submit securely at www.dhihairimplants.com

Front

Clear view of the current front hairline.

Top

Bird's eye view of the scalp pattern.

Donor

Back of the head to assess follicle density.

Sides

Left and right profiles.

The Gateway Matrix: Florida to PTY

Tocumen International Airport (PTY) is the "Hub of the Americas."
Most flights are under 3.5 hours.

 Miami (MIA)	Copa, American Airlines	8+ daily	~3h 05m
 Fort Lauderdale (FLL)	Copa Airlines	Daily	~3h 10m
 Orlando (MCO)	Copa Airlines	2 daily	~3h 20m
 Tampa (TPA)	Copa Airlines	Daily	~3h 25m

 Always select PTY (Panama City, Panama), not ECP (Panama City, Florida).

Hair Restoration Surgery

Frictionless Arrival in Panama

A highly organized entry designed for American travelers.

Entry Ease

U.S. citizens require only a valid passport. Immigration queues are typically under 20 minutes.

No Currency Exchange

Panama uses the U.S. Dollar. Your money works seamlessly everywhere.

Private Transfer

Your dedicated patient coordinator provides private airport pickup, taking you directly to your accommodation (a ~20-minute drive).

Download an eSIM before departure for instant data upon landing

Premium Stay in Punta Paitilla

Recover in one of Panama City's most modern and prestigious districts.

Accommodations

Premium accommodations selected specifically for privacy, quiet recovery, and direct proximity to the DHI medical center.

World-Class Dining

Steps away from top-tier gastronomy

Optional Sightseeing

Easily accessible landmarks like the Panama Canal (Miraflores Locks) and the historic Casco Viejo district for pre-procedure exploration.

Procedure Options

Structured schedules designed to minimize stress and maximize clinical results.

Option A –

3-Day Accelerated Program

- Day 1: Arrival, private transfer, check-in, and rest.
- Day 2: First and only procedure day: hairline design, DHI technique, and curated lunch.
- Day 3: Medical review and return flight.

Option B –

4-Day Extended Program

- Day 1: Arrival and rest.
- Day 2: First procedure day and curated lunch.
- Day 3: Second procedure day, based on the needs of the case.
- Day 4: Final medical check and return flight.

Procedure Day

A comfortable clinical environment with continuous medical supervision.

Personalized Design

The day begins with a comprehensive, customized hairline design consultation tailored to your exact facial structure.

Doctor-Led Execution

The implantation is performed exclusively by the medical doctor.

Premium Comfort

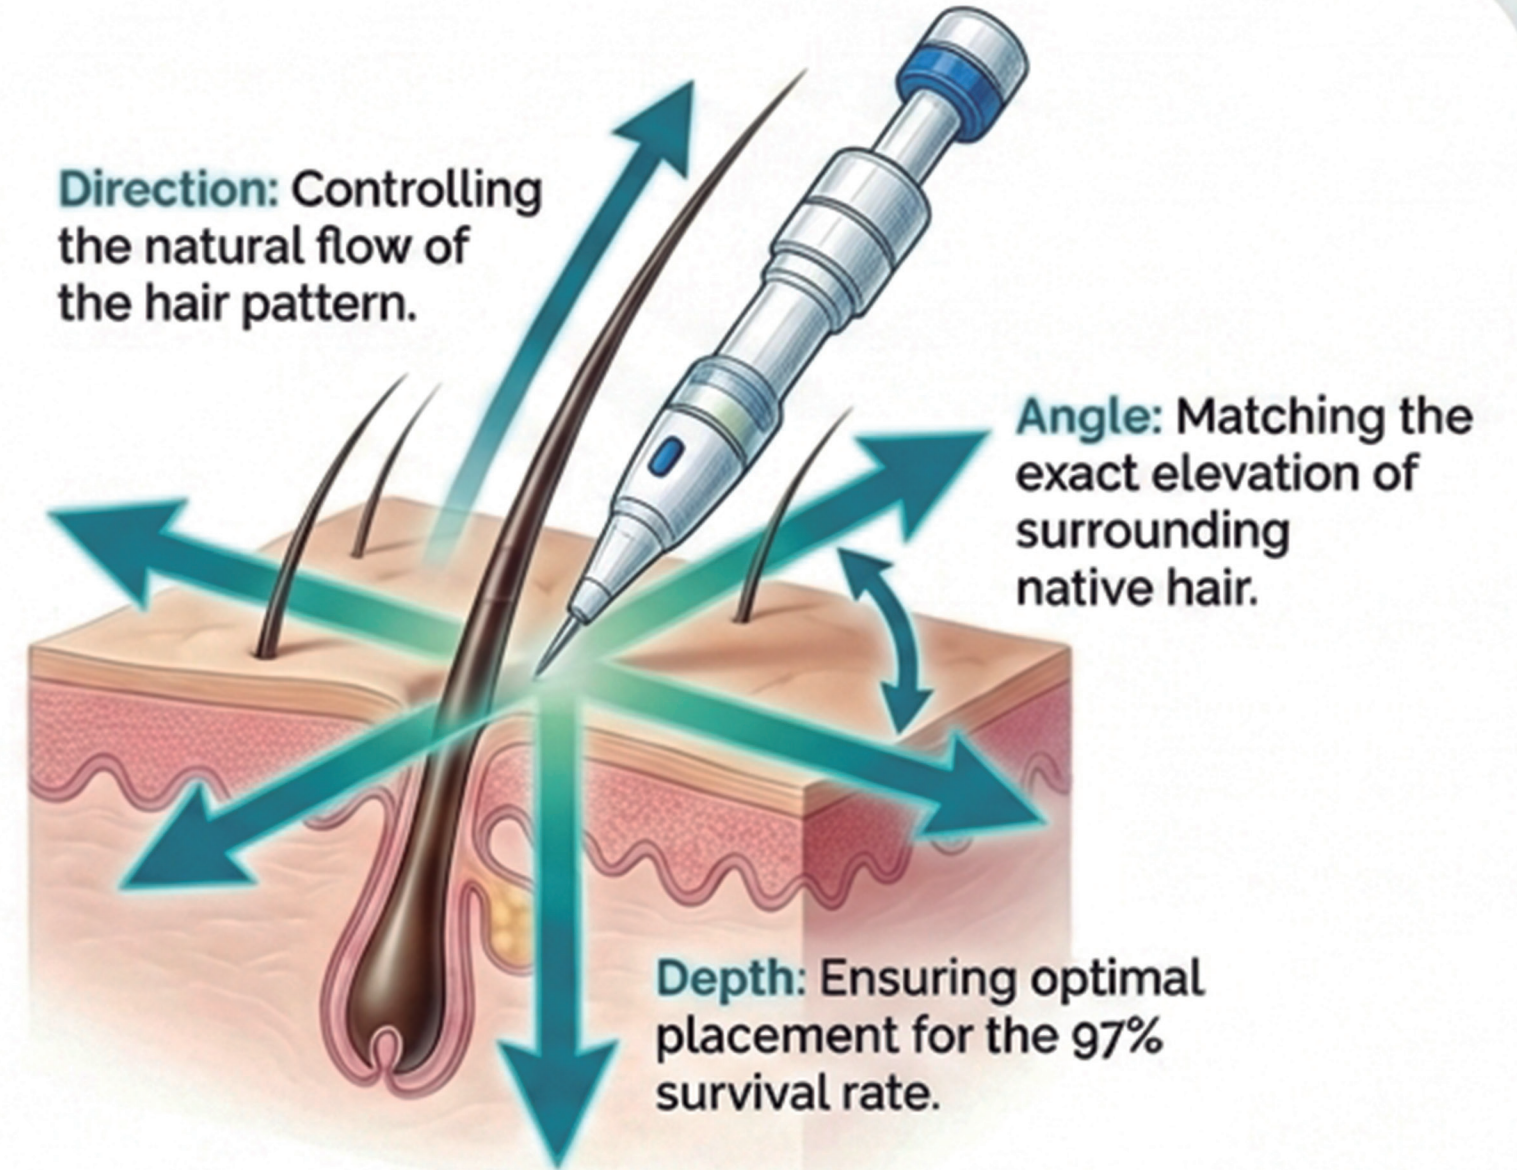

The procedure spans most of the day, featuring step-by-step updates and a Curated Lunch included during the session.

Technical Precision: The DHI Method

Individually implanted follicles for a flawless, undetectable result.

This absolute control is why the DHI technique leaves No Linear Scars.

Premium Medical Concierge Interface

The Recovery & Growth Curve

A gradual, natural transformation.

Months 6-9

Visible density increases significantly.

Month 12

Final design results achieved.

Days 1-5

Initial healing. Most return to professional duties.

Week 2

Scalp appearance normalizes.

Months 1-3

Temporary shedding (normal growth cycle phase).

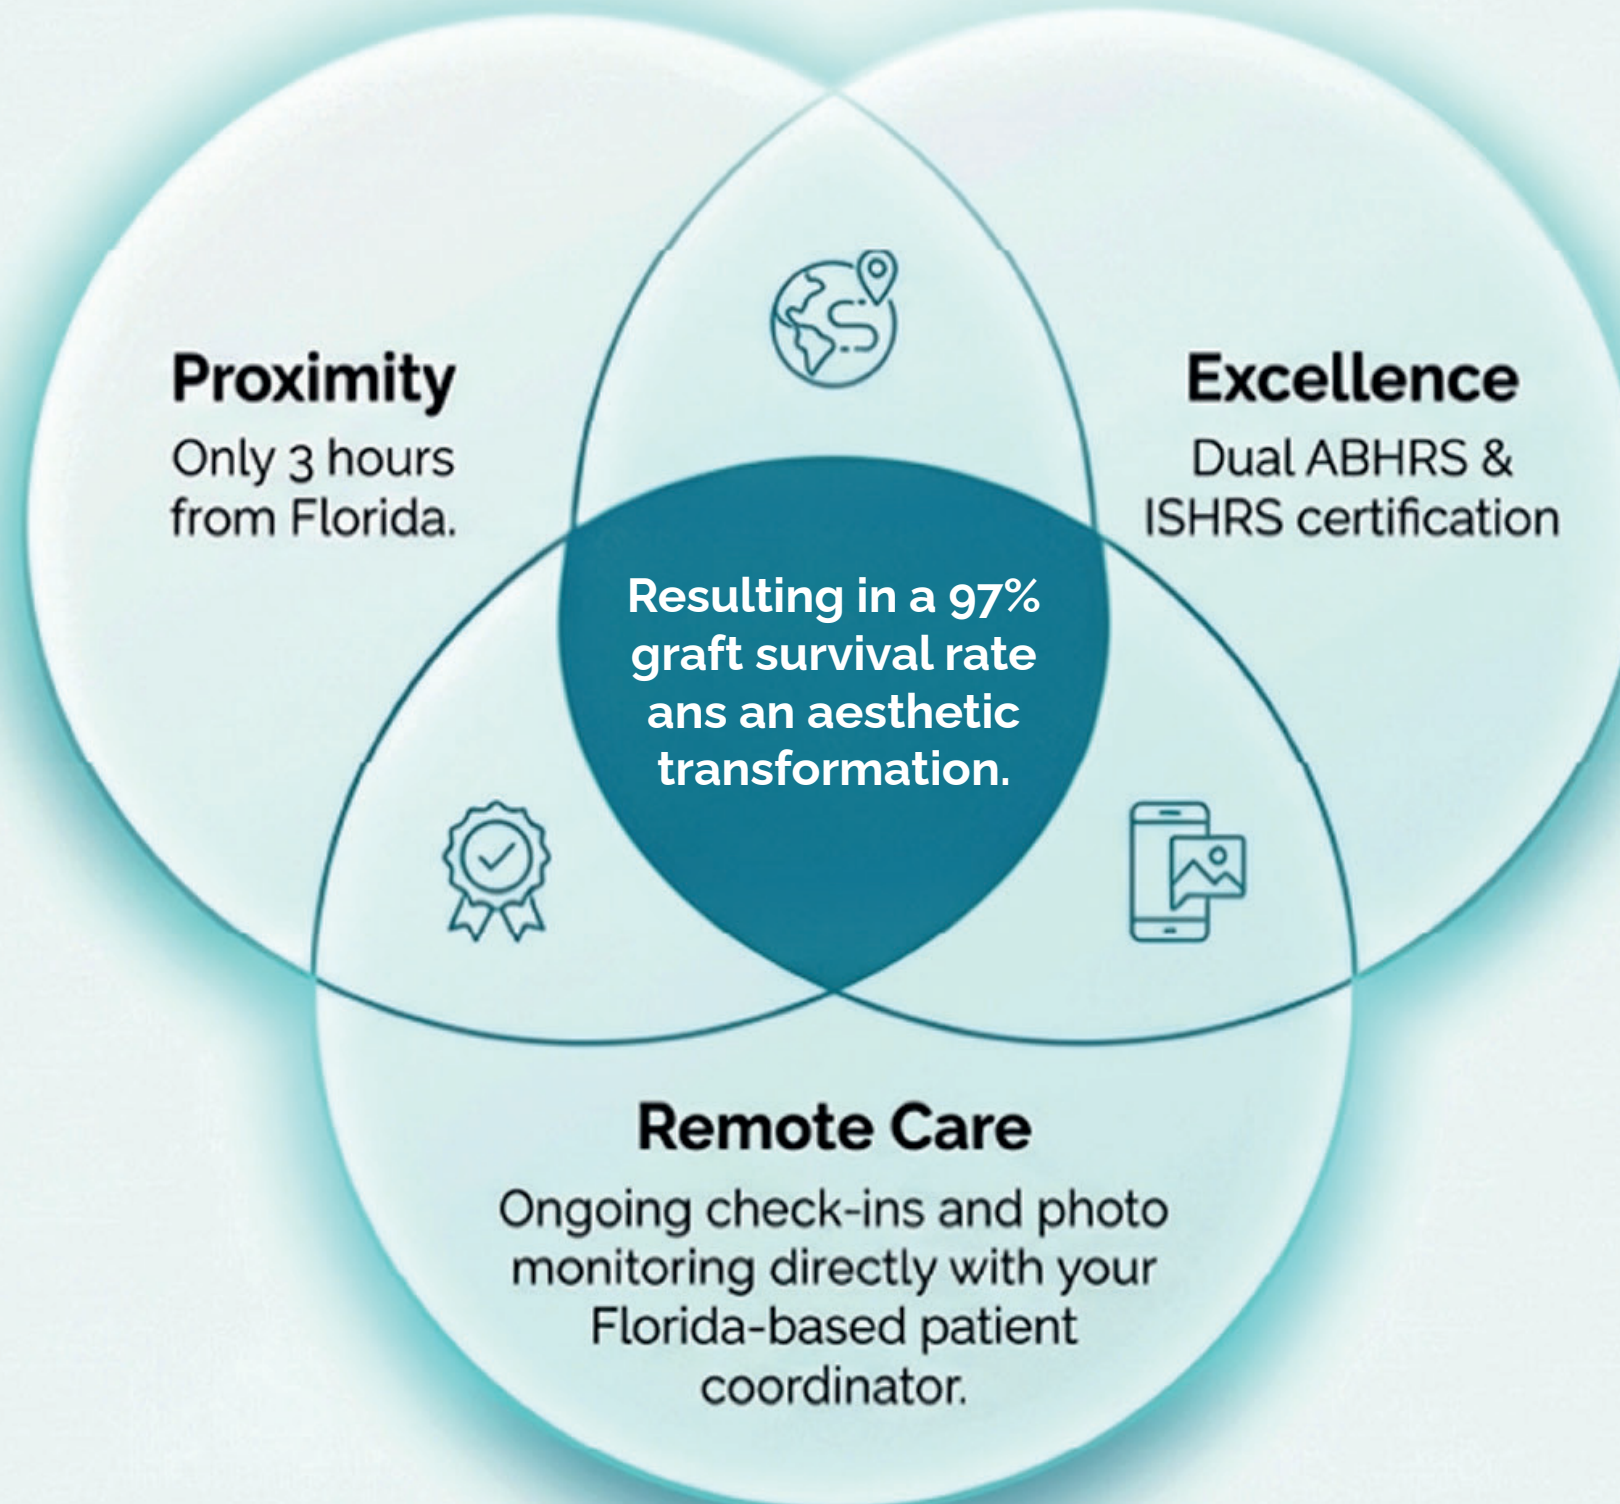

Months 4-6

New, permanent hair growth begins.

Geographic Distance is Not a Barrier

World-class results supported by continuous remote care.

Patient FAQs: Florida to Panama

Do I need to speak Spanish?

No. The DHI Panama team is fully equipped to assist English-speaking patients at every step.

Do I need to exchange currency?

No. Panama uses the U.S. dollar as its official currency.

Can I fly back immediately?

Many patients return on Day 3. Your medical team will provide specific guidance based on your recovery.

Is the clinic certified?

Yes. It is led by Panama's only ABHRS & ISHRS certified surgeon.
